Fenian Movements. 3,000 strong—marching unopposed. Buffalo, June 1. The Reporter of the Express has just returned from a point a mile and a half below Lower Black Rock, and says the head of the Fenian column, 600 strong, had reached that point. Nine wagons loaded with ammunition preceded them. They declare they will effect a landing before daylight. It is reported in New York that Fort Erie, Canada, opposite Buffalo, has been captured by the Fenians, who are represented to be 2,000 strong, and 2,000 of whom are said to be marching unopposed into the interior. It is said they have already cut one telegraph line.

CANADA INVADED. New York, June 1. Partly holiday here to-day. Advice from Buffalo report that notwithstanding the vigilance of the authorities in this section, with the United States steamer Michigan under steam and ports open, together with the city swarming with Canadian spies, several regiments of Fenians crossed over into Canada last night, including troops from Tennessee, Kentucky, and Indiana, a regiment from Ohio and one from this city. They effected a landing from this point in small boats drawn by tugs, and on reaching the Canadian side sent up wild Irish shouts, the green flag floating. Colonel O'Neal, of the 18th regiment, from Nashville, is in command at the fort. There was a large number of persons viewing the sight from this shore. The Fenians say that no depredations shall be committed. All telegraph wires on the Canada side were cut, excepting those near Suspension Bridge.

The Agent of the Associated Press has left for the scene of operations. The Fenians are reported marching on Suspension Bridge, twenty-five miles from here. THE FENIAN RAID. BUFFALO, June 1. The number of Fenians who effected a landing in Canada from this point is estimated to be three thousand, with accessions hourly. They are well armed and have six pieces of artillery. It is stated that there will be a general descent on the whole frontier, and that the Fenians have altogether thirteen batteries of artillery. The leaders have telegraphed from this point to various cities to bring on reinforcements. The men who went from here are generally those who had served in the Federal or Confederate armies. No fighting has occurred or is anticipated for two days. The destruction of the Welland canal, and the cutting of the Grand Trunk Railway, and the moving in two divisions on Montreal and Kingston, is said to be programme. Colonel O'Neil, who leads the troops from here, is styled the Commander of the Army of the Irish Republic in Canada. General Sweeney is reported to have crossed over with the main body. Men cross here without difficulty as no United States troops are here. The Fenians are leaving Boston, Philadelphia, New York and other cities.

EXCITEMENT IN CANADA. TORONTO, June 1. There is great excitement here over the rumored invasion by the Fenians. Volunteers are hurrying to the supposed scene of action. It is reported that the enemy have evacuated Fort Erie and are now marching on Chippawa. The frontier is not invaded at any other point than that named. An engagement is expected on the Niagara frontier to-morrow.

FROM BOSTON. BOSTON, June 1. Two companies of Regulars left here for the North this morning, from Fort Warren, under command of Col. Livingston. The new raised Fenian Cavalry Regiment under command of Col. J. Curtis late of Mosby's guerrillas, is part of the expedition from this city. The Fenians say Gen. Fitzhugh Lee will command the cavalry wing of their army of invasion, and that a blow will be struck early next, probably on Monday.

FROM WASHINGTON. WASHINGTON, May 29. The tax bill which passed the House contains a provision for an export duty of five cents a pound on cotton. By direction, the War Department will refund the amount collected by order of General N. T. J. Dana, as military tax of two dollars per bale on cotton at Memphis, Tenn. Restitution will be made to the parties from whom the amounts were collected. Their legal heirs or the properly constituted attorneys or representatives of the same. In the Senate the Colorado bill passed over the veto. A reconstruction resolution was considered. Mr. Johnson moved to strike out the 3d section, which disfranchises Confederates until 1870, which was carried by a unanimous vote—yeas, 43; nays, none. Several amendments were offered, embodying views agreed upon in Republican caucus. They exclude from Federal and State offices those who, having been members of Congress, Legislature, or Judicial officers, took part in the insurrection, or gave aid and comfort thereto. Congress, however, may remove such disability by a vote of two-thirds of the House. A bill to continue in force and amend the Freedmen's Bureau bill passed—yeas 96; nays 31.

A NEW PLAN. WASHINGTON, May 28. Thad. Stevens introduced a bill declaring that the States lately in rebellion have forfeited their rights under the Constitution, and can be reinstated in the same only through the action of Congress, which provides that they may form valid governments, the present ones being continued until they shall be duly altered, and their executives and legislatures reorganized. Constitutions are to be formed and submitted to the people, a majority of whom is necessary for their ratification. All male persons above twenty-one years of age are to be allowed to vote. No constitution is to be presented for congressional sanction which denies civil rights to any person. The bill was committed to the Committee of the Whole on the State of the Union.

CHOLERA CASES. New York, June 1. The cholera at quarantine is said to be of a very malignant type, and is principally confined to the German passengers. 84 cases have been admitted on board the hospital ship Falcon, out of which number 14 have died, leaving 70 patients, at last accounts, under treatment.

A mile race was run at Cincinnati on the 30th of May, by Underwood's four-year old "Revolver," full weight. The second heat was run in the fastest time ever made—1:44.

Another destructive conflagration occurred in Cincinnati on the 26th. Seven hotels, sixty dwellings, and seventy-five stores were in ashes by 8 o'clock in the evening, and the fire was still raging.

A stock raiser in Tennessee, recently sold \$18,000 worth of cashmere goats in one week. One ewe sold for \$1,300.

TAXES.

HAVING gone round six weeks on my circuit, assessing and taking Tax returns and collecting some taxes, and finding a great number of tax-payers who failed to meet me at my appointments, I take this method to inform them of my appointments at SPARTANBURG COURT HOUSE, WHICH WILL BE

Monday, Thursday, Tuesday, Friday, Wednesday, Saturday, the 25th, 26th, 27th, 28th, 29th and 30th DAYS OF JUNE. ALSO, SALEDAY IN

JUNE and JULY

at which time the books must be closed. All persons who have failed to make their returns and pay their TAXES, will be double taxed, and EXECUTIONS issued against them. All those who have made their returns, and fail to pay their Taxes by that time, will have SINGLE TAX EXECUTIONS issued against them.

If there should be any who believe that they cannot pay their Taxes, I think they would do well for themselves to make their RETURNS, and have a SINGLE TAX EXECUTION issued against them, rather than a double tax Execution.

I do hereby earnestly request the Tax payers, generally, and more especially those who have either white men or freedmen in their employment, who are only liable to a POLE TAX, DOG TAX, or both, to send me up their names, and the number of their dogs, so that I can enter their names, and take an account of them. I is due to all, both white men and freed men, that all should pay their Taxes, and all be on an equal footing—not for some to pay and others escape. This is all the chance that I have to ascertain their names, as they have never been on my Tax Book, which makes it impossible for me to know the names from my old books. Taxes to be paid in gold or silver coin, United States legal tender notes, the new South Carolina issue, Juror Tickets, &c. The articles taxed are fully set out in my former advertisement. R. C. POOLE, Assessor and Collector. May 31, 1866. 18 1m
